Gerard Daniel Worldwide (GDW) is the largest supplier of wire cloth products to the Industrial manufacturing industries. Since it was founded in 1951, our leadership has been built on our Inventory, Quality, Service, Competitive Pricing, Custom Weaving and Manufacturing services.

INVENTORY

Gerard Daniel Worldwide maintains the largest inventory of wire cloth in the industry. This gives you, our customer, the assurance that your requirements are more readily available from us than any other screen supplier. This advantage helps to reduce your lead times, inventory levels, and screen costs. With over 5,000 types of mesh in stock, you can count on Gerard Daniel Worldwide.

QUALITY & SOURCING

We have established exclusive, long-standing associations with leading weavers in Europe and the Far East ensuring the availability of the highest quality products. Quality control is maintained through every phase of processing. For the most demanding requirements, GDW's laboratory facility provides additional testing and analytical capabilities.

SERVICING LOCATIONS

We have strategic locations in Hanover, PA, Tulsa, OK, Fontana, CA, Toronto, Canada, and Limerick, Ireland to meet your needs. Finished screen inventory can be located at any of our locations for customers that require a quick turnaround and qualify for our stocking program. These locations also have access to the largest inventory of wire cloth. We are happy to help you with your needs.
