

Separator Screens

# Be **GREEN!** and **RESCREEN**

The Environmentally Wise Alternative to Landfilling Used Screens

- Quality:** We offer the finest quality screens in North America.
- Price:** Reduce your operating costs and long term exposure.
- Service:** Quick turn around and guaranteed fit on rescreens.
- Technical:** Rely on our expertise for your most demanding applications.

Waste from used separator screens and their residual hazardous chemicals can last decades in nature. Reduce your environmental risk by letting Gerard Daniel Worldwide rebuild your epoxy based screens. Be green and start re-screening today!
